# Earth Day

# What is Earth Day?

- environmental support day
- celebrated all around the world on April 22nd
- it is celebrated to highlight issues such as pollution, climate change, deforestation, overpopulation and recycling
- earth day was founded by the USA in 1970
- it's the largest civic event in the world

# What happens on Earth Day?

- nowadays, over 1 billion people take part in the celebrations each year
- political action + civic participation
- people march, sign petitions, plant trees and plants, clean up their cities and roads, don't use cars/public transport and walk or ride a bicycle instead

3

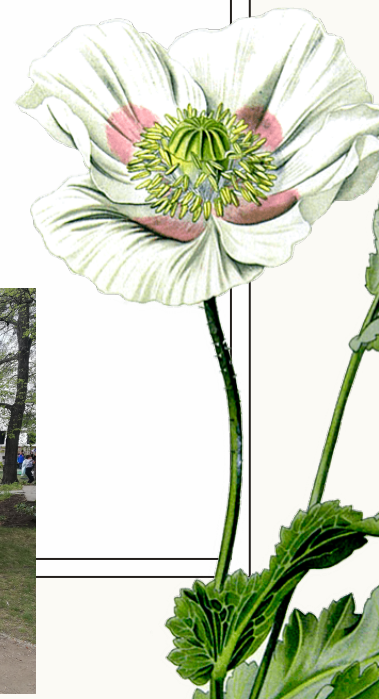

# Earth Day 2019

- this year's theme – Protect Our Species
- the goal was to raise awareness about the extinction of millions of species, the causes and the consequences and make the humanity take action
- the species – bees, giraffes, coral reefs, elephants insects, sharks, sea turtles and great apes
